

Excluding territory from a rural fire prevention district
(HB 1933 by Richardson/Barrientos)

DIGEST: HB 1933 would have allowed the board of a rural fire prevention district to exclude from the district territory inside the boundaries of another taxing authority that provides the same services to the territory. It also would have clarified that territory excluded from a district would remain obligated for its share of the district's indebtedness.

GOVERNOR'S
REASON

FOR VETO: The governor said the provisions of HB 1933 were incorporated in SB 865 by Blake, which he has already signed into law.

SPONSOR'S
VIEW:

Rep. Bob Richardson said he was untroubled by the veto. "I amended the Senate bill to include this language in the event that HB 1933 did not get through on its own."

NOTES:

The House Research Organization analysis of SB 865 appeared in the May 29, 1987 in the Daily Floor Report.
